- 10,000 AIR
- ETL certified to applicable CSA and UL standards
- MOTBC approved
- Up to 100 amp main breakers

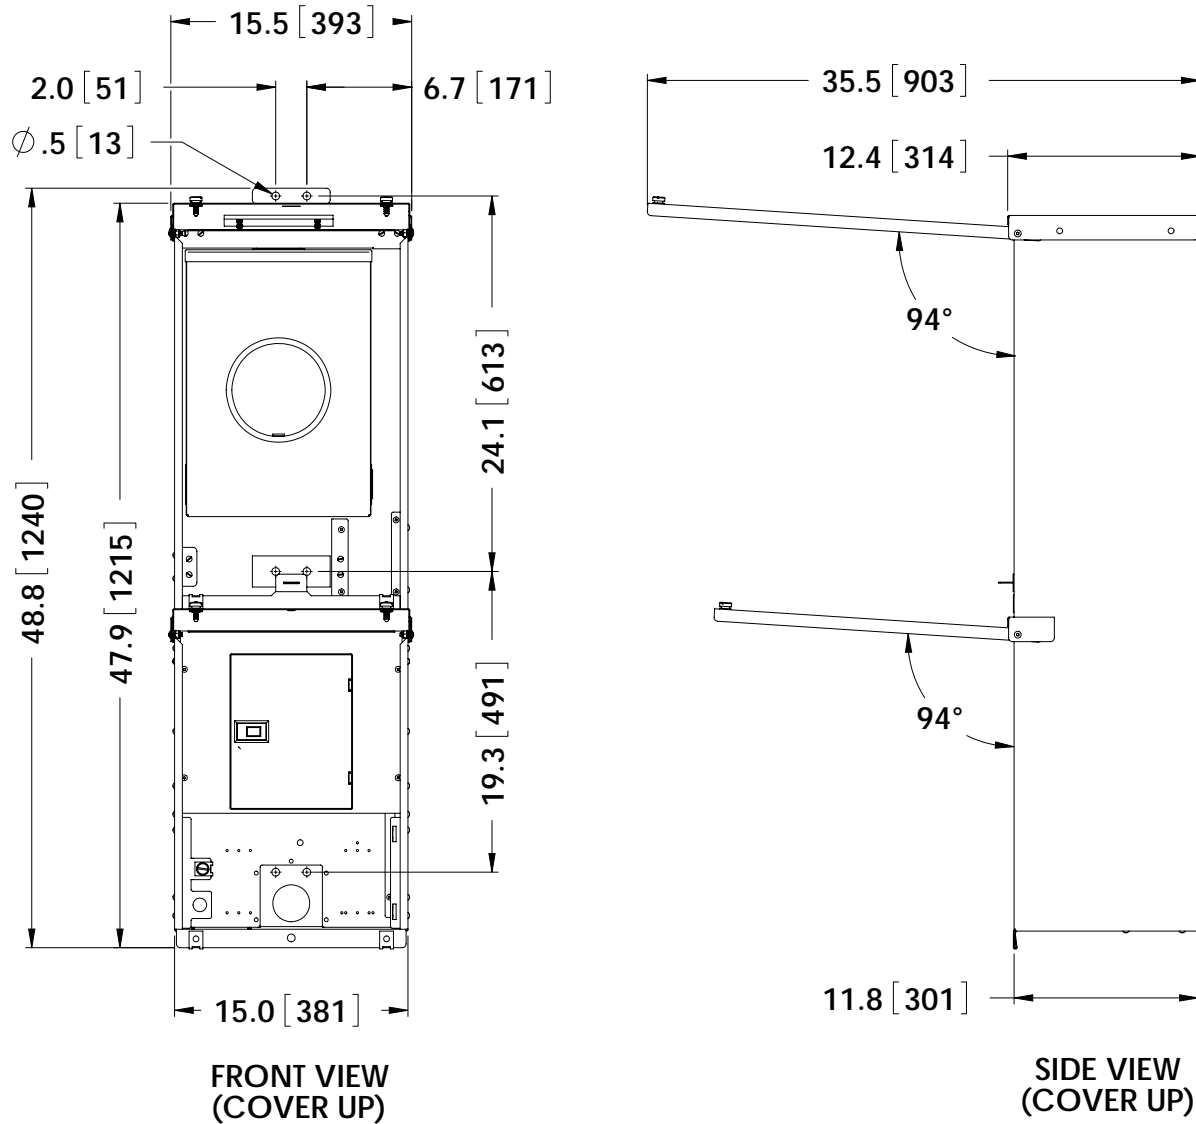

Optional Components

- Snowplow debris shield
- Aluminum construction
- Meter viewing window
- Up to 22 kAIC rated breakers

Benefits

This all-in-one cabinet makes it easier and faster in the field for installation and also offers additional security for the meter. It has a 200A jumbo meter base and a 12 cct breaker panel. There is a 2" pole access hole in the back of the control devices compartment, and the cabinet can be either bolted or banded to the pole. All the required field mounting hardware including bullet hub, chase nipple, sealing rings and installation instructions are included.
