

This pole mount cabinet is designed to be used where security is an issue. It contains a variety of different outlet configurations and is mainly used for event stages and sports field applications.

Features

- Marine-grade aluminum construction
- Powder coated ASA 61 Grey
- Padlockable cover
- NEMA 3R rated
- 15 to 50 amp receptacles
- All mounting hardware included
- Pole bracket designed for bolt or band-on installation

Specifications

- 125/250 VAC 1 phase
- 10,000 AIR
- ETL certified to applicable CSA and UL standards

Optional Components

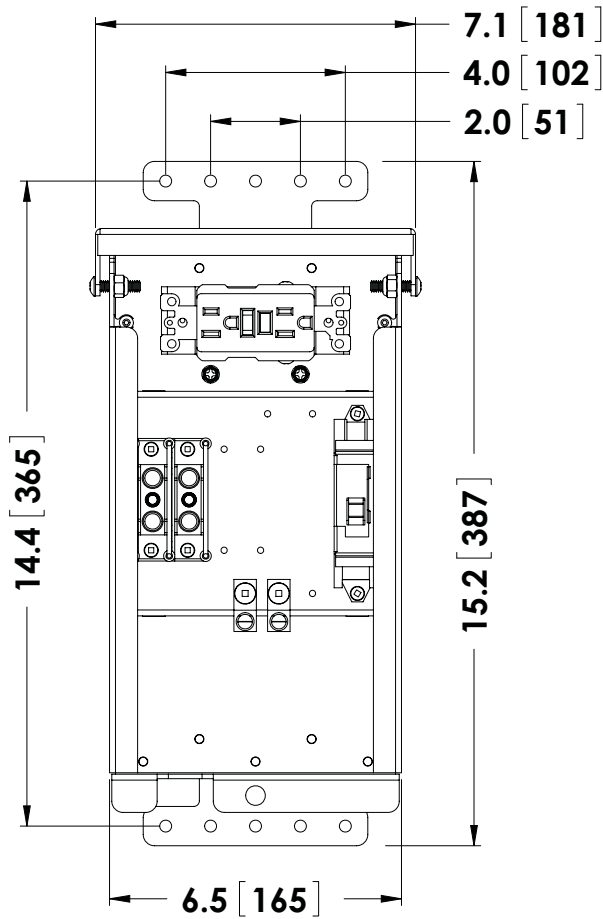

- Loop feed distribution lugs
- Custom powder coat colours

Benefits

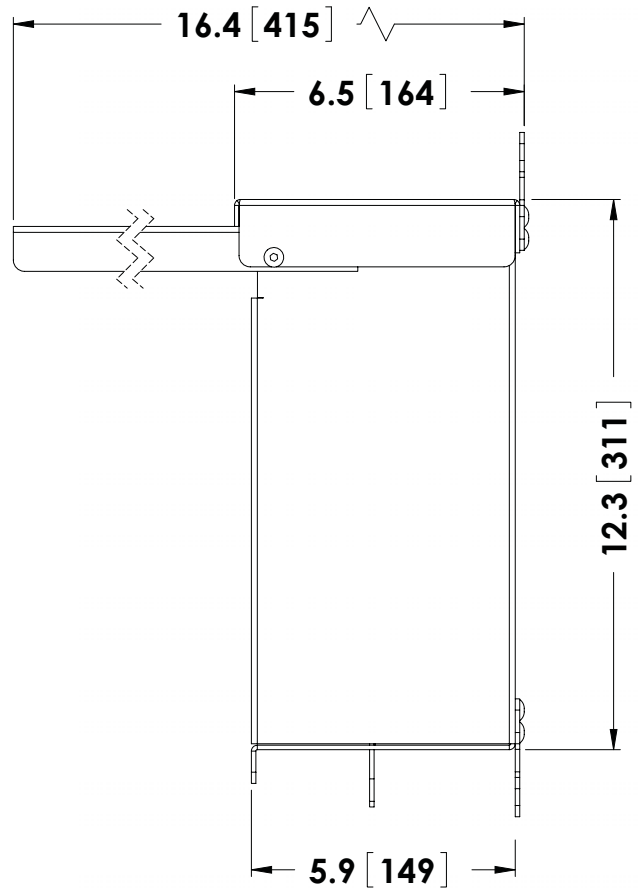

This practical, security-enhanced cabinet is very durable and allows the user to have the electrical cords plugged in and the padlock engaged. The cabinet can be mounted on a post, pole or wall. With a wide range of powder coat colour options it can be designed to match surrounding aspects.

The enclosed protective circuit breaker allows the user to reset a fault without contacting maintenance personnel.
