

This NEMA 3R enclosure is designed to support a UPS and is mounted to the back of an existing intersection control cabinet. It is large enough to support a UPS and 4 smaller batteries.

### Features

- 304 (#4) stainless or marine-grade aluminum construction
- Aluminum enclosures are powder-coated ASA 61 Grey
- NEMA 3R rated
- Padlockable 3-point latch mechanism on door
- Recessed handle
- Hidden hinges for added security
- Slanted roof to repel rain, ice and snow
- Filtered louvers
- Cabinet or base mount
- 200 lb rated battery shelf with rollout feature
- All mounting hardware included

### Specifications

- ETL certified to applicable CSA and UL standards
- 1/8" Marine-grade aluminum construction

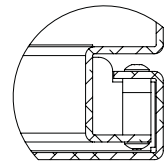

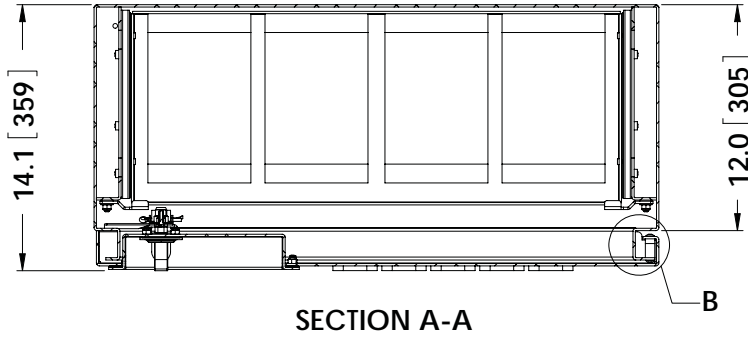

### Optional Components

- Police door
- Generator outlet
- Custom powder coat colours

### Benefits

The rollout shelf of this UPS cabinet makes it convenient to test and change the batteries. Its recessed handle and hidden hinges provide added security. This cabinet is usually powder coated ASA-61 grey but additional colours are available.
